 - Massive Untraceable Cashflow went into Democrat Election efforts.
- **Violence**

 - The Islamic Movement (Muslim Brotherhood) continues to manage the Left's ground game of the Color Revolution in major urban areas.
- **Non-Violent**
 - **ACTUAL DISENFRANCHISEMENT:**

 - Lincoln Project signaled the schizophrenic nature of the Republican Leadership. **STILL NO REPUBLICAN CONDEMNATION!**
 - Systematic de-platforming of non-conforming media escalating in both mainstream and social media
 - Substantive Evidence of strategic-level Voter Fraud across the spectrum executed at state/local level. **[Ongoing]**
The Left wants you to see it!

INTSUM – following PAVIN-2 (Moving Forward)

▪ Political Warfare

- *This Election constitutes the culmination of the demoralization of the American base, which is the logical pre-condition to their actual disenfranchisement from their own institutions.*
 - *Moving forward non-conforming American voices [e.g.: the "MAGA" base] to be targeted for destruction through Direct Action and Narratives that includes redefining American ideals in terms of racist White Nationalism, White Privilege etc. for the purpose of destroying the American ideal by making it odious.*
- Social Media and MSM continues the systematic censorship of citizens while escalating the aggressive de-platforming of non-conforming voices.

The 24-Hour News cycle deliberately undermines critical thinking by drowning the audience in “countless superficial information bits ... presented in propaganda fashion” rendering the audience “knowledgeable about a thousand details and nevertheless, because of ignorance regarding the core of the matter, remain without basic insight.” The conversion of information into narratives to support the news cycle causes “authentic reality [to be] taken over by a fictitious reality” where “perception is indeed still directed toward an object, but now it is a pseudoreality” - Pieper

24-Hour News cycles render the audience passive spectators in their own destruction.

- Mass Line Enforcement narratives heavily leveraging “Semantic Marxism” (especially “Discourse Theory”) to advance narrative of Biden victory while suppressing bona fide legal challenges in the face of evidence of strategic-level fraud that also serves to delegitimize a serving President.
 - ***Whether validated or determined to be disinformation, all reporting constitutes a relevant Intelligence Summary datapoint.***
- ## ▪ Alliance (United Fronts)
- Islamic Movement (Muslim Brotherhood) continues to run the Color Revolution ground game for the Left in America.
 - If Election Fraud is validated, it supports indicators that European organizations enjoy direct intervening access to the American ballot box. This constitutes a clear and present danger to the integrity of the American electoral process.
 - GW Bush, along with the Republican establishment, early and aggressively supported the “Trump Lost/Move On” narrative by targeting that message to the base that elects them.
 - George W. Bush would deny President Trump the same legal options he successfully exercised in his contested election against Vice-President Al Gore to become the 43rd President.

INTSUM – following PAVIN-2 (Moving Forward)

▪ Violence

- Enforcement narrative calibrated to generate a massive grievance exercise if Trump wins in court that includes the radicalization of the most violent players.

▪ International (& Sanctuary)

- Communist China continued role in subverting American institutions, including the Electoral Process.
 - [From **Alliances**, c.f.: above, if validated) European political organizations (EU) and NGOs may play a role in supporting Voter Fraud.
- [**Sanctuary**] Coverage of this Election made apparent to the Public what has been known for some time, that there is no substantive gap between the dominant messaging of Social Media and MSM [FOX!] and the Neo-Marxist's Mass Line narratives.
- Boris Johnson (UK), Modi (India), and Netanyahu (Israel), who positioned themselves as Trump allies, endorsed Biden in advance of a final electoral determination, ***as did Trump adversary Turkish President Recep Tayyip Erdogan.***
- China's One-Belt-One-Road (OBOR) initiative may underlie Turkish, Italian, Israeli and other's decision making and may call into question the viability of NATO moving forward.

▪ Non-Violence

- Post-Election threat of Violence synchronized and subordinated to Non-Violent Courses of Action (COAs).
- Dominion Voting Systems (and other identified systems) implicated in an evidentiary fashion beyond the purview of this INTSUM briefing

Analytic Observation

Notwithstanding the lack of reporting in the United State, the whole worlds knows a massive fraud is being perpetrated, both those who are for it and against it. The future of the free world hangs in the balance.

Narratives

- **DOMINANT:** Biden threatens national level enforcement of Draconian implementation of COVID Enforcement Narratives, which are separate and severable from the actual COVID threat (Discourse Theory)
- **SUPPORTED:** Narratives operating under cover of C19 Narrative
 - Threat of violence and the actual suppression of Civil and Human Rights as a necessary consequence of enforcing COVID restrictions.
- **Emerging Narratives:** [These are not exhaustive, some may replace the dominant narrative as events unfold], for example:
 - Trump Accountability Project.
 - **Non-Violent** narrative (which may become the State Actor narrative): Totalitarian threats of generating lists to intimidate and terrorize the American public, for example Congresswoman Alexandria Ocasio-Cortez and The Washington Post's "conservative" voice Jennifer Rubin.
 - Supported by Lindsay Graham-esque Promises of Investigations that will either never materialize or will be purposely under-exclusive to the equities involved.
 - **Violent Support Narrative:** Antifa Banners "**We Don't Want Biden. We Want Revenge**"
 - Radical statements that the Non-Violent leadership quickly suppresses should be assessed as True, constituting the most dangerous COA and treated as a "**Binary Retreat**" that openly communicates actual intent.
 - Enforcement narrative calibrated to generate a massive grievance exercise if Trump wins in court that includes the radicalization of the most violent players, e.g.: **Stop the Coup**.

Color Revolution - **Continues and Postured for Transition**

- The current domestic political situation has decomposed into a national security issue. The 2020 political cycle is being utilized to mask the extremely hostile revolutionary nature of these events. Even the violence is distraction.
- The current information indicates that large scale unrest may begin as Election Fraud is exposed, to ensure an Inauguration crisis that carries on to at least January 20, 2021 and beyond. The revolutionary operational design has 3 key components that must be factored in:
 - First, the revolutionaries must control the media and social media communication environment. ✓
 - Second, the revolutionaries must maintain control of a portion of the bureaucracy. ✓
 - Finally, the Republican Party and GOP Establishment must be under the positive control of the Revolutionary narrative and remain passive. If the revolutionaries can succeed in controlling these three components of their operation, they can be successful. ✓
- Color revolutions utilize information warfare tactics to create crisis situations in which institutional leaders are placed under tremendous political pressure to support the revolutionary objective. ✓
- The control of the media and other communication is used by revolutionaries or their supporters to amplify crisis (i.e.; election fraud) solutions selected by the revolutionaries (i.e.; remove Trump). ✓
- These narratives are amplified by the media to silence and control GOP opponents and to compel action by the bureaucrats.
- The history of sabotage and subversion directed against the campaign, transition, and administration during the first term should serve as warning. ✓
- Numerous senior officials of the Democrat Party are openly calling for revolution and intend to fabricate a Constitutional crisis around the election and parallel street mobilization in furtherance of their efforts. ✓
- This plan includes the utilization of various revolutionary actors that have been observed conducting operational and informational preparation of the environment for the past several months.
- There are 2 key vulnerabilities to color revolutions. Prior knowledge and united opposition. **ACTIONS:**
 - 1.) The public and the institutional leaders must be made aware of these efforts in a coherent manner.
 - 2.) Traditional American views which do not conform to Marxist Mass Line enforcement narratives must coordinate along a unified opposition.

Indications & Warning (I&W)

- Targeted Lists oriented toward the punishment of dissent will be issued.
- Ideological Subversion/Open Strategic Incomprehension – in the face of public pressure and awareness relating to the Michigan Plot, the FBI identified the plotters in White Supremacists terms in the face of ANTIFA and Far-Left indicators that demonstrably identified them otherwise.
- The Republican establishment enforces mass line enforcement narratives (simply by following them)
- Police Morale, Democrat Voter Support, Institutional Support for Democrat Agenda, etc.
- National Security and Law Enforcement continues to address ongoing declared subversive activities as strictly legal matter while refusing to account for the overt and articulable declarations of Insurrection.
- Indicators of new rounds of violent riots held in reserve in expectation of adverse outcome.
- **Voter Fraud Organized at the Counter-State level.**
- Constitutional principles, the rule of law, and incendiary political rhetoric remain unchallenged
- Escalation in the targeting and assassination of law enforcement and political opposition.
- Failure to even pursue articulable and obvious accessories/conspirators to the Portland assassination of opposition.
- **ESCALATING AND OPEN Post-Election Media and Social Media Censorship.**
- Open Planning and Open Communication – Continues unabated and without fear of consequences.

ARE YOU SAFE?

A GUIDE TO PROTECTING YOUR FAMILY FROM THE COMING

What to DO:

Are You Safe?

A Guide to Protecting Your Family from the Coming Insurrection and Violence

Do you worry that riots and mob violence could occur in your peaceful neighborhood? **Are you concerned about your family's safety?** Especially now, with fewer police available or restricted from emergency response, many families are apprehensive. **What will happen if dangerous mobs and looters arrive on your doorstep.**

This book is a guide for all that are concerned with the chaos and violence occurring on the streets of America, regardless of your political outlook. Though much of the violence clearly has political intent and purpose, that is outside of our scope. **We are focused on helping you keep your family and neighborhood safe.**

Our goal – to explain the violence, who is perpetrating it, and how to avoid becoming a victim, sounds simple enough. However, there is considerable information available, and much of it is opinion disguised as the truth. To help with this task, the writers consulted with experienced and proven analysts on intelligence, crime, politics, revolutionary warfare, history, survival, trauma medicine, and child psychology. They did a remarkable job separating fact from perception, assessing the inexplicable, and delivering it concisely. It serves well as a **handbook for concerned American families.**
