# Intelligence Summary (INTSUM)

**PERIOD:** November 12 to November 25, 2020

- Post-Election activities reflects the engineering of a revolutionary crisis that accomplishes revolutionary objectives, regardless of who becomes President.
  - This reflects what Bezmenov called the crisis phase following the successful demoralization and destabilization phases leading up to and including the Election.
  - From a political warfare POV, Post-Election activities are about a battle for control of institutions in furtherance of aggregation of power in the revolutionary movement.
- The 3 primary threats confronting America that pose an existential threat, joint and severable, and synchronized
  - **Homegrown neo-Marxist/Islamist mass line movements**
    - *Antifa, BLM, CAIR, etc., transitioning to a more aggressive posture (they appear to inform the DNC leadership)*
  - **The Political Warfare Threat**
    - *China (including emergent economic alliance with Turkey, EU, Iran, **Venezuela**, and other Nations)*
  - **The Ideological Threat**
    - *European Union, International forums*

## ■ Political Warfare

- *This Election constitutes the culmination of the demoralization of the American Base, which is the logical pre-condition to their actual disenfranchisement from their own institutions.*
  - *Moving forward non-conforming American voices [e.g.: the "American" base] to be targeted for destruction through Direct Action and Narratives that includes redefining American ideals in terms of racist White Nationalism, White Privilege etc. for the purpose of destroying the American ideal by making it odious.*
- Social Media and MSM continues the systematic censorship of citizens while escalating the aggressive de-platforming of non-conforming voices.

**The 24-Hour News cycle deliberately undermines critical thinking by drowning the audience in "countless superficial information bits ... presented in propaganda fashion" rendering the audience "knowledgeable about a thousand details and nevertheless, because of ignorance regarding the core of the matter, remain without basic insight." The conversion of information into narratives to support the news cycle causes "authentic reality [to be] taken over by a fictitious reality" where "perception is indeed still directed toward an object, but now it is a pseudoreality" - Pieper**

**24-Hour News cycles render the audience passive spectators in their own destruction.**

**\*\*The Fox News market has apparently collapsed as the base they manipulated has figured out the equation.**

- Mass Line Enforcement narratives heavily leveraging "Semantic Marxism" (especially "Discourse Theory") to advance narrative of Biden victory while suppressing bona fide legal challenges in the face of evidence of strategic-level fraud that also serves to delegitimize a serving President.
- *Whether validated or determined to be disinformation, all reporting constitutes a relevant Intelligence Summary datapoint.*

## ■ Alliance (United Fronts)

- Islamic Movement (Muslim Brotherhood) continues to run the Color Revolution ground game for the Left in America.
- If Election Fraud is validated, it supports indicators that foreign organizations enjoy direct intervening access to the American ballot box. This constitutes a clear and present danger to the integrity of the American electoral process.
- **\*\*Establishment GOP Leadership lack of support for Trump is noticed by the American Base, particularly Post-Election.**
- **\*\*MSNBC developing a "Coup" Mass Line narrative structured for enforcement that anticipates Establishment Republicans to play the role assigned them.**
- GW Bush, along with the Republican establishment, early and aggressively supported the "Trump Lost/Move On" narrative by targeting that message to the base that elects them.
  - George W. Bush would deny President Trump the same legal options he successfully exercised in his contested election against Vice-President Al Gore to become the 43<sup>rd</sup> President.

- **Violence**
  - Enforcement narrative calibrated to generate a massive grievance exercise if Trump wins in court that includes the radicalization of the most violent players.
  - The Left depends upon the escalation of a counter-response and is calibrated to generate disproportionate responses.
  - ***\*\*The most obvious cases of fraud occurred in predominantly black or Hispanic counties: Atlanta, Philadelphia, Detroit, Milwaukee, & Maricopa. The successful deployment of BLM & Antifa in the preceding months facilitated the weaponization of Critical Race Theory (Marxism) to successfully intimidate Republicans into not enacting legitimate legal interdictions to the violence. This subordinates Republican efforts to Marxist outcomes.***
  - ***\*\*Ties to escalating rhetoric seen in Mainstream Media – MSNBC.***
- **International (& Sanctuary)**
  - Communist China continued role in subverting American institutions, including the Electoral Process.
    - [From **Alliances**, c.f.: above, if validated) European political organizations (EU) and NGOs may play a role in supporting Voter Fraud.
  - [Sanctuary] No substantive gap between the dominant messaging of SM and MSM [FOX!] and Neo-Marxist's Mass Line narratives.
  - ***\*\*It's not just that the Left is stealing the election. They want you to know they are stealing the election; and the whole world knows it.***
  - ***\*\*China's One-Belt-One-Road (OBOR) initiative may underlie Turkish, Italian, Germany and other's decision making and may call into question the viability of NATO moving forward – THIS IS SEVERELY UNDERAPPRECIATED.***
- **Non-Violence**
  - Post-Election threat of Violence synchronized and subordinated to Non-Violent Courses of Action (COAs).
  - Dominion Voting Systems (and other identified systems) implicated in an evidentiary fashion beyond the purview of this INTSUM briefing.
    - ***\*\*Hammer & Scorecard, the German "raid," etc. ARE provocateur disinformation. In a chaotic information battlespace, an analytical pause must be imposed between hearing and subsequent leveraging of enticing information that cannot be distinguished from narratives that nonetheless garner instantaneous, broad adoption that also nonetheless lack any evidentiary means of support.***

- **DOMINANT:** Biden threatens national level enforcement of Draconian implementation of COVID Enforcement Narratives, which are separate and severable from the actual COVID threat (Discourse Theory)
  - **\*\*An explanation of Semantic Marxism, including Discourse Theory, will be forthcoming.**
- **\*\* Predictive programming - Songbird is a high production-value dystopian movie that went into production in March 2020 and is set for release - video on demand - December 2020. 'By 2024, SARS-COVID virus has mutated and in 4th pandemic year, in the US, people infected removed forcefully and place in quarantine zones ("Q-Zones").' From the trailer, the movie normalizes extreme government measures to enforce lockdowns. Trailer:**

- **SUPPORTED:** Narratives operating under cover of C19 Narrative
  - Threat of violence and the actual suppression of Civil and Human Rights as a necessary consequence of enforcing COVID restrictions.

- **Emerging Narratives:** [These are not exhaustive, some may replace the dominant narrative as events unfold], for example:
  - **\*\*C19 Narratives are in fact transitioning to "Great Reset" Narratives, now openly promoted by the Global Economic Forum, WHO, and state leaders like Canada's Trudeau, and Anthony Blair's globalist NGO.**
    - *A concept devalued for its origins in the conspiracy theory domain now appear to be genuine with implementation organic to Event 201 pandemic exercise activities sponsored by Gates Foundation, the GEF, the WHO, and the Michael Bloomberg School of Public Health at Johns Hopkins in September 2019.*
    - *Dr. Fauci says U.S. has 'independent spirit,' but now is the time to 'do what you're told.'*
    - *Dr. Fauci says vaccinating people who disregard COVID as 'fake news' could be 'a real problem' - it will be a challenge to convince some Americans to receive a coronavirus vaccine*
  - Trump Accountability Project expands
    - **\*\*MSNBC appears to be laying in "Coup" narratives tailored for Mass Line exploitation.**
  - **Non-Violent** narrative (which may become the State Actor narrative): Totalitarian threats of generating lists to intimidate and terrorize the American public, for example Congresswoman Alexandria Ocasio-Cortez and The Washington Post's "conservative" voice Jennifer Rubin.
    - **\*\*Blue States' political and legal organizations are directing an array of legal actions against political dissent.**
    - The role of the Controlled Opposition to be presented in a stand-alone slide.
  - **Violent Support Narrative:** Antifa Banners "We Don't Want Biden. We Want **Revenge**"
    - **\*\*The same police that refused to protect citizens under the rubric of "Peaceful Protests" are now aggressively arresting those same citizens for refusing to conform to arbitrary C19 Narratives that may lack a scientific basis.**
    - Radical statements that the Non-Violent leadership quickly suppresses should be assessed as True, constituting the most dangerous COA and treated as a "**Binary Retreat**" that openly communicates actual intent.
  - Enforcement narrative calibrated to generate a massive grievance exercise if Trump wins in court that includes the radicalization of the most violent players, e.g.: **Stop the Coup.**

# Controlled Opposition (Can No Longer Be Deferred)

- Movements that fail to institutionalize gains will FAIL. Controlled oppositions serve to legitimize movements even as they are obviously against interest.
- A historical trend: A leading Indicator that the GOP will do nothing is that they promise something, for example:
  - Under-Inclusive (e.g. Gowdy Benghazi hearing),
  - Lindsay Graham's promises to hold hearings that do not happen - ([https://www.realclearpolitics.com/video/2020/05/03/maria\\_bartiromo\\_to\\_lindsey\\_graham\\_you\\_said\\_years\\_ago\\_you\\_would\\_hold\\_hearings\\_subpoena\\_witnesses.html](https://www.realclearpolitics.com/video/2020/05/03/maria_bartiromo_to_lindsey_graham_you_said_years_ago_you_would_hold_hearings_subpoena_witnesses.html)).
  - A variation of this tactic is the insistence on "*inside baseball*" efforts to redress issues which never materialize.
  - Through periods of inaction these tactics cause one Decision Point (or Phase Line) to be missed after another, until confronted with a *fait accompli*. This result is a part of the Narrative design.
  - Such inaction enforces Mass Line Objectives.
  - These are Narratives; they seek the destruction of the people by causing them to "stay their hand" - it doesn't matter if those offering false solutions don't understand the parts they play as Enforcement Mechanisms.
  - Enforcement narratives do not require your agreement, understanding or consent, just obedience in the form of performance.
- **Lessons from the War on Terror:**
  - The Epiphany that the War on Terror was lost when realizing the GOP House Homeland Security Chair was on CAIR's "Wall of Fame".
  - John McCain launched an attack in the Senate, as Speaker Boehner threatened Rep. Michele Bachman while HPSCI Chair Mike Rogers sought her removal from HPSCI - all the while her district was flooded with relocated Somali refugees hostile to American principles.

## ■ International

- **Austrian Raids** (11/9/2020) – “**Operation Luxor**” against the Muslim Brotherhood and Hamas - Under the title “Luxor,” 930 police officers led by the Graz Public Prosecutor carried out a large-scale raid against the Muslim Brotherhood and Hamas in Austria. There were more than 60 house searches in four federal states.
- Whisper Campaign notes that France and Egypt strongly urged Austria to conduct this activity
  - **Egypt** because there is interest in highlighting the fact that the Muslim Brotherhood are terrorist in advance of Biden possibly taking office.
  - **France** because Marcon condemned the Islamic Movement in the last wave of Islamic terrorism in France, generating predictable accusations of Islamophobia and threats of reprisal, with France bracing for follow-on waves of terror attacks.
  - The **Muslim Brotherhood International** and **Hamas** escalating their rhetoric and posturing in a manner that has historically indicated pre-operational activity in advance escalating major operations.

## ■ Domestic

- **USCMO** head signaling intent to use lawfare to silence citizens engaged in “Islamophobia.”
  - \*\*Extra-territorial jurisdictional claims by the domestic Muslim Brotherhood and International Organizations under the rubric of “Hate Speech.” Biden has signaled his intent to support these activities (with Big Tech, etc.).
- Demands being made for appointments in critical national security, IC and LE positions.
- Loose talk about fortifying and weaponizing **Islamic Centers** in anticipation of “**White Supremacists**” attacks.

- **NSTR – Further development pending.**
- The current domestic political situation has decomposed into a national security issue. The 2020 political cycle is being utilized to mask the extremely hostile revolutionary nature of these events. Even the violence is distraction.
- The current information indicates that large scale unrest may begin as Election Fraud is exposed, to ensure an Inauguration crisis that carries on to at least January 20, 2021 and beyond. The revolutionary operational design has 3 key components that must be factored in:
  - First, the revolutionaries must control the media and social media communication environment.
  - Second, the revolutionaries must maintain control of a portion of the bureaucracy.
  - Finally, the Republican Party and GOP Establishment must be under the positive control of the Revolutionary narrative and remain passive. If the revolutionaries can succeed in controlling these three components of their operation, they can be successful.
- Color revolutions utilize information warfare tactics to create crisis situations in which institutional leaders are placed under tremendous political pressure to support the revolutionary objective.
- The control of the media and other communication is used by revolutionaries or their supporters to amplify crisis (i.e.; election fraud) solutions selected by the revolutionaries (i.e.; remove Trump).
- These narratives are amplified by the media to silence and control GOP opponents and to compel action by the bureaucrats.
- The history of sabotage and subversion directed against the campaign, transition, and administration during the first term should serve as warning.
- Numerous senior officials of the Democrat Party are openly calling for revolution and intend to fabricate a Constitutional crisis around the election and parallel street mobilization in furtherance of their efforts.
- This plan includes the utilization of various revolutionary actors that have been observed conducting operational and informational preparation of the environment for the past several months.
- There are 2 key vulnerabilities to color revolutions. Prior knowledge and united opposition. **ACTIONS:**
  - 1.) The public and the institutional leaders must be made aware of these efforts in a coherent manner.
  - 2.) Traditional American views which do not conform to Marxist Mass Line enforcement narratives must coordinate along a unified opposition.

# Indications & Warning (I&W)

- ***\*\* Targeted Lists oriented toward the punishment of dissent will be issued including Blue State political and legal establishments pursuing legal actions against dissent.***
- The Republican establishment continues to enforce mass line narratives (simply by obeying them)
- Police Morale, Democrat Voter Support, Institutional Support for Democrat Agenda, etc.
- ***\*\* Police turn on citizens in the name of enforcing C19 restrictions that suppress civil and constitutional rights.***
- National Security and Law Enforcement continues to address ongoing declared subversive activities as strictly legal matter while refusing to account for the overt and articulable declarations of Insurrection.
- ***\*\* "Coup" narrative transitions to Mass Line enforcement narrative.***
- **Voter Fraud Organized at the Counter-State level.**
- Constitutional principles, the rule of law, and incendiary political rhetoric remain unchallenged
- Escalation in the targeting and assassination of law enforcement and political opposition.
- **ESCALATING AND OPEN Post-Election Media and Social Media Censorship.**
- Open Planning and Open Communication – Continues unabated and without fear of consequences.

*What to DO:  
Are You Safe?  
A Guide to  
Protecting  
Your Family  
from the  
Coming  
Insurrection  
and Violence*

Do you worry that riots and mob violence could occur in your peaceful neighborhood? **Are you concerned about your family's safety?** Especially now, with fewer police available or restricted from emergency response, many families are apprehensive. **What will happen if dangerous mobs and looters arrive on your doorstep.**

This book is a guide for all that are concerned with the chaos and violence occurring on the streets of America, regardless of your political outlook. Though much of the violence clearly has political intent and purpose, that is outside of our scope. **We are focused on helping you keep your family and neighborhood safe.**

**Our goal – to explain the violence, who is perpetrating it, and how to avoid becoming a victim,** sounds simple enough. However, there is considerable information available, and much of it is opinion disguised as the truth. To help with this task, the writers consulted with experienced and proven analysts on intelligence, crime, politics, revolutionary warfare, history, survival, trauma medicine, and child psychology. They did a remarkable job separating fact from perception, assessing the inexplicable, and delivering it concisely. It serves well as a **handbook for concerned American families.**
